TRUDER ENTERS ROOM OF LADIES

IS ONE, THOUGHT TO BE A NEGRO, ENTERS ROOM AT WALKER HOUSE

ome one, presumably a negro, ered the room of Misses Margaret sley and Sallie Bettinger, two ng lady teachers in the city ools, at Mrs. R. H. Walker's rding house last night.

he tracks on the outside of the dow indicate that the intruder a negro, owing to the flat footis. The person was barefooted. tracks which showed where he t in the house were made before rain last night, while those which of his departure were made af the rain, and were made by one ently in haste, as they were dug e deeply in the soft earth.

o alarm of the visit of the nightmaurader was given until this ning. Miss Bettinger states that saw the person, but the darkprevented her telling his color. says that she was so frightened she could not scream, and afterch she was afraid to alarm the sehold. She awoke Miss Ansley had not been awakened by the nsible burglar and informed her he intrusion. oBth say hat it about 2 o'clock when he was disered.

search this morning disclosed the that he had secured nothing of ie, as nothing was missed, algh it is the opinion of many that man stayed in the room for sev hours. This opinion was fromy the fact that one set of tracks, ls lightly on the ground, were le before the rain, and the set of ks of his departure were made r the rain.

heriff B. O. Hay was notified and and Chief Deputy McIntyre went he house. A hound was sent for, he refused to take the trail.

leanwhile, the intruder is at large the police are keeping their eyes n.

TEACHER TRAINING IN DOTHAN

For two or three years the teachers of the Dothan City Schools have taught a special training school after the regular term, which work is devoted to preparing students for teaching.

When the training course was first put on it was a sort of an experiment, but the attendance has grown each term till there seems no use to discontiue it. There are too many who want to take a few weeks' time in the summer to prepare themselves for standing the examination, and they realize that the training they get in Dothan is equal to that offered anywhere else, and the cost of going off is saved.

This year, the term will open Monday, May 29th, and will close the 30th of June, during which time instructions will be given in branches most needed.

The teacher training course is under the instructions of Superintendent J. V. Brown and Prof. O. L. Tompkins and W. I. Pittman.

THE ARMY VS. THE STAGE

In selecting the cast for "The Man on the Box" which will appear at the Elite Theatre tonight, the management has been fortunate in securing the services of Mr. Herbert Thayer for the part of Lieutenant Werburton.

Inasmuch as Mr. Thayer has been a real soldier, serving with distinction in the war with Spain and afterwards, as an instructor in various U. S. Army posts, he is particularly adapted by his past experience to portray the part of a soldier on the stage. Lieut. Werburton is a typical young American officer, and his liking for a practical joke causes him to be placed in an embarassing, and at the same time as funny a position as one can well imagine, and you will have to read the book or see the play to fully understand and appreciate the different phases of his charcter.

H. F. Deal, of Columbia, was in town this morning.

TRESPASSING CASE THROWN OUT OF COURT

The trespasing case against the government crew that is erecting the government building in Dothan, has been thrown outo f court. The case was tried today before Justice of the Peace W. J. Baxley and as no one appeared to testify against the defendants, the case was thrown out.

The charges were preferred by the Misses McLennan, who reside next to the government building, and who alliged that by tearing down a boundary fence, the government people were trespassing.

Government superintendent G. R. Berryman was arrested on the chage several days ago and was released later on bond.

BASEBALL TOMORROW

The Dothan High School and the "old timers" will open the amateur baseball season in Dothan tomorrow afternoon at 4 o'clock.

The High School byos have been in training for several weeks now, and the Dothan players have been practicing for the game in the afternoons.

TEACHER TRAINING COURSE

To Prepare for State Examination in July

The third annual session of this school will begin May 29 and end June 30. Work will embrace subjects required by law for teachers and a review for those who may be deficient in high school branches. Following will devote time to work: J. V. Brown, O. L. Tompkins, W. I. Pittman.

Last year 60 students were enrolled. Where needed, individual instruction will be given. Thoroughness will be the keynote of the course. For those who really want to do a great deal of efficient work in a short time the opportunity will be invaluable. For information, address O. L. Tompkins, Dothan, Ala.

BIG SUM TO BE USED TO ADVERTISE SOUTH

Washington, March 22.—Five hundred thousand dollars, $100,000 a year, to advertise the South, with the Southern Commercial Congress as a clearing house, was the figure decided upon by leading advertising agencies of the southern states, who met in this city today at the call of Managing Director Dawe of the Congress, to formulate plans for the further publicity work of the organization. This action is an outgrowth of the convention of the Congress recently held in Atlanta.

Don't forget the Campbell lecture Friday night.

THE WEATHER

Fair and colder tonight. Light frost in north portion. Friday fair.

FOR SALE—

A nice home on South St. Andrews a good neighborhood for $1,700, is well worth $2,000. House has seven rooms, is comparatively new and is ceiled throughout and lot is one-half acre. Can give possession September 1, and until then the rentals will pay ten or eleven per cent interest on the investment. Have two beautiful vacant lots on same streets, 61x200 ft. each that I can sell the two for $600 or $300 each. Can give terms on lots if desired and can sell house and lot for one-half cash.

A very attractive home on Alice street near new high school building a desirable neighborhood with lot 5x210 feet, that I can sell at $2100. is renting now for $17 a month and could be made to bring more rent with very few improvements.

Several very attractive propositions in business property that it would pay you to investigate.

A five room house in good neighborhood on lot 100x150 that I can sell for $1,500; the improvements could hardly be put on lot at that price.

Three lots on Washington street, with four room house on middle lot, the house and all thre lots for $1500 One of the lots is a corner lot and a splendid location for a store.

One of the very prettiest residence lots in Dothan with 98 ft. front and good depth, close in and on prominent street. Several vacant lots on South Oates street and a beautiful lot on West Main large enough for two houses and in splendid neighborhood. also very attractive residence on W. Main.

Forty acres of land in less than three miles of Dothan, all cleared and fenced at $30 an acre, is rented for this year at rental that is paying good interest.

Forty acre farm five miles from town in one of the best localities in the county, 35 acres in cultivation and all fenced. If bought at once, can get 15 per cent interest on purchase price in rental this year, and will always rent well.

ALL MY PIMPLES GONE

Girl Tells How a Blotchy Skin Was Cleansed By a Simple Wash.

"I was ashamed of my face," writes Miss Minnie Pickard of Altamahaw, N. C. "It was all full of pimples and scars, but after using D. D. D. Prescription I can say that now there is no sign of that Eczema, and that was three years ago."

D. D. D. has become so famous as a cure and instant relief in Eczema and all other serious skin diseases, that its value is sometimes overlooked in clearing up rash, pimples, blackheads, and all other minor forms of skin impurities.

The fact is, that while D. D. D. is so penetrating that it strikes to the very root of Eczema or any other serious trouble, the soothing Oil of Wintergreen, Thymol and other ingredients are so carefully compounded there is no wash for the skin made that can compare with this great household remedy for every kind of skin trouble.

D. D. D. is pleasant to use, perfectly harmless to the most delicate skin, and absolutely reliable. A 25-cent bottle will give you positive proof of the wonderful effectiveness of this great remedy.

WILL BE GOOD

"The Man on the Box," which played here the 8th of December to a large crowd, will evidently draw another big crowd tonight. Mr. Herbert Thayer is playing the part that Mr. Bert Leigh played before, and all of the press notices speak of his work in the highest praise.

The sho wis popular from start to finish for something is doing all the time.

Wanted—Manager and solicitor for "old line" health and accident company (industrial-commercial policies). Splendid opportunity, liberal compensation for capable, honest hustler. Experience not necessary. Write our traveling representative, J. Wyatt, general delivery, Dothan, Ala. stating experience covering past five years, age, address and references. 130p

WE CAN SELL YOUR PROPERTY

That man who is prepared to do a special kind of work can always do it better than the man who is not prepared.

We are prepared to sell real estate, having an office equipped for the purpose and a wide experience in the business. We also have several hundred correspondents in the various parts of the United States who send us the names of people who want to buy property in the South. We write to these people and bring them here.

A few weeks ago we sold Whatley Brothers' place just south of Dothan to a gentleman living near Montgomery and realized $100 per acre for it. We also sold in December to a gentleman living at Goodwater, Ala., A. J. Hall's place a few miles south of Dothan and the price was more than Mr. Hall could have gotten himself. Only two weeks ago we sold the Calhoun place three miles west of Dothan to a gentleman living in New York and made a profit of $2000 for Mr. Dowling who owned it.

We have several customers now for small and large tracts of farm land in this section and these people will pay good prices. If you who read this have farm land or city property for sale, it will be to your interest to see us. Our charges are small and we make it a rule to get the prices our client wants.

BENJ. D. GREENE GAINS HIS LIBERTY

IS ALLOWED TO TAKE PAUPER'S OATH AND ESCAPES HIS LARGE FINE

Atlanta, Ga., Mch. 22.—Benjamin D. Greene, who, with John F. Gaynor has just completed a four year term in the federal prison here for alleged complicity in the Savannah harbor improvement frauds several years ago walked out of the federal building here late today a free man for the first time in a dozen years, bringing to a close, as far as he is concerned, a legal battle that has commanded the attention of this country for the past decade. Greene's application for leave to take the pauper's oath, in order to escape further liability for the $575,000 fine imposed on the two men when they were convicted, has just been granted by United States Commissioner Walter Conquitt after a hearing lasting two days.

Will Go to Europe

Greene will spend tonight at a hotel and will leave tomorrow for New York where he will sail for Europe. He said tonight that he would join Mrs. Greene in Paris and that they probably would make that city their home in the future.

The decision came somewhat unexpectedly at the end of a long afternoon session which had been occupied with the arguments of counsel. Attorney Felder of the firm of Roundtree, Felder and Roundtree, attorneys for Greene, had just completed his argument when Commissioner Colquitt stated as his finding that he believed "the evidence in this hearing has been such that the applicant should be allowed to take the oath." There was deathlike stillness over the court room for an instant after the commissioner had spoken while all eyes were turned to the applicant whose gray head was bowed reverently in thanks. Then the commissioner spoke again, asking Greene to come forward and take the oath. This formality was soon over and the prisoner left the court room with Daniel W. Roundtree, one of his lawyers.

Every citizen of Dothan realizes every day that we are in need of a more complete pumping station and electric light plant.

Colonel Bowman is now reported down in Montgomery lobbying against that Jefferson county delegation who are trying to law him out of a job.

If there must be an extra session of the legislature, the time will hardly be fixed till the schedule of the Southern league is made public, so that the sessions will come off together.

FIGURES DON'T LIE?

Read this from the Montgomery Advertiser and see whether or not figures are truthful: Last month 73 per cent of the total excavation of the Panama Canal was finished. But the other 27 cent is no trifle.

The legislature has put in so much time on that regulation bill, till if it ever gets through a string of lawyers will have to be employed to tell the common working folks what it means. The man about to enter the lucrative business of running a saloon, will have to plank out a stiff lawyer's fee to find out what he will have to do in order to comply with the statutes.

Governor O'Neal claims to be the arch enemy of blind tigers. Yet his first step as governor was against a local bill aimed at blind tigers in Tallapoosa county, and his first use of the pardoning power was in turning loose on society a convict with an ugly record as a whiskey vendor, and who plunged at once into deeper crime by murdering a man. How does the governor's record "square" with his claims?—Roanoke Leader.

The Advertiser is afraid the legislature will pass that public highway bill, which will carry an appropriation of about $2,000 for each county in the state. It foresees trouble for a superintendent, or engineer, at a fancy salary will be in charge of the work, building up a political machine that wont down. When you come to brass tacks, $2,000 in each county will do little toward building roads, and then the question of what road to build would never be settled.

SECRETARIES.

President Taft has taxed the patience of the various men he has employed as private secretaries. During his short term as president he has tried three men and is inserting want ads for another.

The trouble with President Taft is, is that e can't get hold of a man to attend to all of the duties of the office, and then galavant all over the country on junketing trips too.

If there is any need for a secretary to the president, there ought to be plenty of work for him to do, and we know that there is; so you can't expect a man to do a man's work without staying on the job over half of the time.

There are so few men who are qualified to be secretary to the president, till when you find one, he is employed at a much bigger salary in some other line of work,

After June 30, the job will pay a congressman or a senator's salary, instead of $6,000, besides a world of other stuff that goes with it, including private carriages, automobiles, etc.

Doubtless the work should be divided between two, so that one might be termed private house secretary to the president, while the other be designated as traveling secretary.

OUR HIGH INSURANCE RATES

Probably the property owners of Dothan who insure their houses and personal property are paying $10,000 a year, at the very lowest estimate, more than they should for insurance.

At one time, the Southeastern Tariff Association was pleased to recognize Dothan as a second class city.

They don't do that any more. We have been set back into the third class, because, they say, our fire department should be enlarged, and that our water supply is insufficient.

In round numbers, the town of Dothan is paying to the fire insurance companies annually $30,000 in premiums.

Probably this much was paid when the town was in the second class. If so, then we are paying practically one-third more now, for the third clas ratess figure practically a third more.

Then the question arises, how long will we continue to pay $10,000 to $15,000 anually in excess premiums?

How long would it take such a sum to equip another fire station, and another pumping station with ample machinery to keep more water than we could use?

The sum of $10,000 is ten per cent on $100,000 investment, and we coludn't afford not to make whatever arrangements required in order to have insurance premiums reduced.

The rates we pay on fire insurance effects every property owner in Dothan just like taxation. In fact it is taxation, and the excess premiums are coming out of the pockets of the property owners, who are maintaining the city's public utilities.

The Southeastern Tariff Association has figured out what it costs them to do business in Dothan. Dothan's property owners have to pay for the losses that the town has.

We are in their grasp, and had just as well meet all requirements. Else, we might organize a home company, and then, to make it a success, premiums will have to be charged practically on the same basis that is fixed by the association now fixing them.

So, it looks like the only sensible thing to do, is to put our pumping station in first class condition, and equip the fire department to meet the demands. It is to do this, or continue to be over taxed for the protection we are getting, or cancel the insurance, whic is still more foolish.

There is no need for us to throw away $1,000 a month. It will pay interest on a $240,000 bond issue. It isn't good business to let matters stand.

THERE IS MONEY IN THIS FOR EVERY MAN WHO READS IT.

NOT PROBABLY, NOR POSSIBLY, BUT ACTUALLY REAL DIMES, QUARTERS AND DOLLARS

The average sale advertisement is mostly blow and big words. The merchandise offered is of unknown value: hence there are hundreds of ways to keep the buyer from getting a square deal.

But when a store offers merchandise known all over the world to be of the highest standard at prices lower than usual there's money in buying that merchandise.

That is what this store is doing. Selling BOYDEN SHOES, HOWARD & FOSTER SHOES, CLUETT SHIRTS, ARROW COLLARS, STETSON HATS, ONYX HOSIERY, and such at less than usual prices. We are doing this at the beginning of the season too. Yes, we lose some money, but charge it to advertising expenses.

Why do we do this? To get the men's trade of South-east Alabama. A wide acquaintance is worth money, and we are willing to pay money for it. ARE YOU WISE?

DOTHAN'S DEADLIEST ENEMY

The common house-fly taints more meat, fouls more food, spreads more filth and scatters more germs of disease than any other single factor in our civilization.

Screen Your Houses and Stores

Some one has made the discovery that a square deal is as broad as it is long.

Now that news is somewhat scarce, they have gone to finding Dorothy Arnold again.

Meantime Congressman Hobson is looking on just like it was coming off according to schedule.

Some of the strong Republican papers are trying to belittle Woodrow Wilson by pretending to think that Bryan won't down.

It doesn't matter how sorry you think your home paper is, just remember that you could find another just as sorry, if you will look long enough.

You can tell what spring is doing by the afternoon drivers, coming in with honey suckle and dog wood blossoms in the back of the buggy or automobile.

A man was in town the other day carrying half a dozen curry combs around on his soulder, after he had bought them, when he hasn't but a one-eyed mule to plow.

A paragrapher thinks the only way some men attract attention is by getting a queer kind of a hair cut. Some feel that it is about as good not to get a hair cut at all.

Within a year or two, when we country editors speak of Jim Jones making a "flying trip to our town," it will not be far wrong, for the fool may come in an airship.

What has become of the old time farmer who came to town and brought his dinner in a tin bucket? Bless Katy, he gets back before dinner in the automobile and plows that afternoon.

The truth of the matetr is, the people from the north who used to think they wanted a winter home in Florida, stop over in southern Alabama, where they can have something else besides the home.

There is sorness in some quarters over the manner in which Governor O'Neal does just what he pleases in spite of the advice of his friends who dug him out of obscurity when they needed a man to lead them.

The mocking bird and blue bird have gone to singing, but who has seen the old white-back, that shows up with the first gentle breath of spring, and leaves in the late summer, so quietly till he is not misses till he has gone.

Booker T. Washington will be more careful in the future about going up to strange doors without making his wishes known, and Albert Ulrich will make some inquiries before he jumps on a man who is hanging about, acting suspicious.

The best advertisement for any store is a satisfied customer, is an old adage. So the best advertisement for Houston county is the man who buys a farm here and moves on it. He is always satisfied with his trade, and begins to get some of his friends in the notion to come.

Twelve years ago, a store in Dothan was offered for $1,000, but no takers. Nothing has been done to it in the way of improvements, but it was sold this week for $5,500. Pretty fair interest, considering that it has been bringing a good rent all the while.

Merely to show that the other little boys that the pistol was empty, one little tot the other day put the barrel o fa pistol to his head and pulled the trigger. He showed the other little boys in a way they will not soon forget, just how to handle an empty gun, but he lost his life in the illustration.

Several months ago, Elias Saliba's mother came from the old country to visit him and her other sons here. It didn't take her long to pick up the Dothan language and to see that she ought to have been here all the time. Now she is on her way back to the old country to sell out her property in order to come back here to spend her remaining days. Elias, her son, has made more money in ten years than some folks in sixty, and if his parents had brought him here to start with, he would have probably owned a county or two.

This town was some time getting the time to plant out shade trees, but it has been doing very well since we have been calling attention to the lack of shades. You know the first few years after the town was settled up, the folks who came here, merely came to look around, and stay a few months. They didn't know whether they would like or not, and they wouldn't sell out and buy here till they had tried the place. Then they got so busy making money or losing it, till they never thought much of beautifying their homes. They are getting over that phase of civilization, and are now buying and building and beautifying for the future.

DISCARD THE SWEAT PAD

Farmer and Stockman.

The other day, to a harness shop in a small country town, came a farmer after a pair of horse collars. He knew the size and after the purchase was made, he called for a pair of pads to go with the collar. This is a wrong plan. He bought his collars so large they needed the pads to make them fit, and he went on the theory that the soft pad was necessary to keep a good shoulder on the horse. For years this theory was considered correct, but we have been learning a few things about horse collars along with other things.

A collar should be fitted to the horse, the bare leather directly against the shoulder. A well-fitting collar, no matter how hard and unyielding it seems to be, will not gall a horse's shoulder. Instead, if the shoulder has been galled by an ill-fitting collar which has been built up with a sweat pad, a well-fitting, hard collar will often cure the gall. This is exactly contrary to the belief of years, but it has become such an established fact that the sale of sweat pads has fallen off tremendously in the past five years, and now collars made of galvanized iron covering are sucessfully used by many teamsters and farmers. In this case, the collar should exactly fit the horse, but once get a fit, so those who have used them most say, and the galvanized iron collar cannot be beaten for durability, ease on the shoulder and general sanitary condition.

The old, hair-stuffed, sweat pad was a collector of all the sweat to the point where it would hold no more. On a warm, sultry day, it would become a soggy filler between the shoulder and the collar, the very worst thing the hand or mind of man could devise. Work with a pair of wet mittens for on a few hours and you will more clearly understand the position of the horse wearing the soggy pad under the collar. The thinner felt pad is a little better, because it will dry out quicker when soaked, mainly because it takes less to soak it, but the felt pad is short-lived. It soon stretches out of place, grows thin in spots, and in a general way, becomes unfit for use.

The horse, "man's noblest servant," deserves a well-fitting collar, a collar that does not require the addition of a pad, either thick or thin, to make the size right. The Farmer and Stockman knows of many good farmers—and they are good horsemen, too—who have two collars for each horse, a larger one when starting out with to horses well fleshed up in the spring, and a slightly smaller one when work cuts dow nthe flesh. Many do not require the two sizes because the teams are kept in a more uniform flesh the season through, but the poorest policy is to resort to the sweat pad to fill out a loose collar, or to buy a collar too large, with the idea of filling it out with a pad, under the impression that it is the correct thing to do.

Signs of Spring

Are at hand now, when farmers and amt gardeners, well as professional ones will need many tools for their work. You can find a superior stock of farm and garden implements and tools, from a pruning knife. spade, hoe, rake, trowel to a wheelbarrow at prices lower than the quality of goods were ever sold at before.

GLOBE SIGHTS

Praise yourself only to yourself.

Most hustlers are short winded.

Nearly every man has enough vests and hair brushes.

Did you ever know of a bore who was told that eh was a bore?

A man who has a hobby thinks that every man ought to have one.

When your feet are tired, you are pretty apt to be tired all over.

Very few necks are so beautiful they need to be advertised by a necklace.

A comfortable shoe never looks as proud as it should over such an accomplishment.

This country needs better spellers a gret deal more than it needs more amateur piano players.

It is every married man's opinion that the hair receiver doesn't attend to business as it should.

It may help you to be agreeable when you remember how well the clairvoyants make it pay.

You may have observed that the man who says the truth urts no one, is apt to lie about other things.

Men are like steamship companies in favoring five meals a day until their stomachs hit te toboggan.

It takes am man almost as long to properly color a meerschaum pipe as it does to improperly color his nose.

If a man is very sick, you can't comfort him by telling him how bad he looks, but if he is just "grunting" you can.

CORRECT DRESS FOR WOMEN

THAT'S WHAT I'M GOING TO DO

I was born and raised in the country, which doubtless accounts for me detesting city life. If my unfortunate profession permitted, I would live in the country, and never go to town except when compelled to do so by necessity of the sheriff.

Country life fits me just like a hobble skirt fits a girl.

I like the broad treeless prarie, the dense forests, the tall rugged mountains, the pure air, and the freedom of life and the joy of living, which is absolute Greek to the man who is hemmed up inside of fifty feet of ground.

It worries me to have to pull down curtains, lock the doors, or go in the cellar, every two or three weeks when I want to change a shirt.

I never object to my wife laying down Moses and the law to me, but I hate to have all the neighbors hear it, and it makes me mad to hear them kicking every time I eat raw onions for breakfast.

And above all, I despise the way a man has to live in a town or city. I positively never will get used to feeding out of a paper bag.

Where I was raised, there was an old log smoke house, built of post oak logs, and there was more good solid eating inside those rough hewn walls than you can find in all the tin cans ever piled up in a modern grocery store.

After the first cold spell of the winter there were long rows of fat hams, shoulders, middlings, and jowls tied to long poles with "beargrass" and hung to the joists.

Hog's feet, back bones, and spare ribs gladdened the eye, and irigated the mout hin lavish profusion.

Strings of real country pork sausage long enough to fence a farm, hung like bridal wreaths overhead.

Big jars of lard—not cotton seed oil, but real hog grease—were standing on the dirt floor along the wall, while a tub of uncooked chitterlings (excuse these tears and emotion) went straight to my heart.

On the other side great hunks of fat beef hung, dimly seen through the smoke, slowly drying.

Boxes of fresh eggs, preserves and fruits, and a barrel of sauerkraut, added to the scene.

Outside was the big bank of "yaller yam" potatoes as full of molasses as a Brazos bottom nigger—great cribs full of ear corn—stack after stack of hay, oats and fodder—a lot full of good horses, mules and fat, lazy cows—great droves of Methodist chickens, turkeys, ducks and geese by the hundreds—we had them all—don't talk back to me—that's what I call living.

All of these things were recalled to me during the Christmas holidays. I was with my two young boys, camped in Llano county in Aaron Moss' pasture—as I have done for the last three years. One day I went to his house and saw all these things—just as I used to see them at home—and I will never be happy any more. I can taste that sausage yet.

To make it worse, he had a lot of great big fat hogs inthe pen, to kill later on, and scattered all over his 20,000-acre pasture were nearly one thousand more, as fat as fools on acorns and pecans. It made me feel lonesome to think all these would go to packeries, and I would be buying them all this year at two bits a slice.

On top of this, there were nearly two thousand head of white-faced red-ended Hereford cattle in that pasture, wild as deer, and next summer will be so fat they can't outrun an armadillo. They also will go to the packeries and will be turned into one solid lump of tenderloin from head to tail, and I will have to pay 20 cents a pound for it, and find it as tough as a rubber boot. That's what makes me feel so depressed.

If I ever get rich, I intend to buy me a big ranch, if it hasn't got over ten acres in it, and quit the dad gasted city—with its paper bags and busted water pipes and politicians, and $17 cord wood and canned grub—and flee like a bird to the mountains and stay there till I starve to death.—K. Lamity's Harpoon.

Mr. Robert E. Parker, representing the Singer Sewing Machine Co., out of Samson is here today on business.

Seeing the get rich quick swindler cinched for using the mails to defraud, may satisfy your thirst for revenge, but it wont get your money back.

CALOMEL SOMETIMES CAUSES SALIVATION

Dodson's Liver-Tone Has All the Medicinal Properties of Calomel with None of the Dangerous After Effects

You can get along without taking calomel yourself or giving it to your family when you can buy a substitute for it as good as Dodson's Liver-Tone. Dodson's Liver-Tone is a pure harmless vegetable liquid that starts the liver to action just as surely as calomel does. But, unlike calomel, Dodson's Liver-Tone does not stimulate the liver too much. It cures constipation gently instead of making you more bilious than you were at first, and it can no more salivate you than a tablespoonful of maple syrup can salivate you.

Dodson's Liver-Tone has given such perfect satisfaction to every person to whom Nix Drug Company has sold a bottle that this store will give the money back to any person who buys a bottle and does not find it a perfect substitute for calomel. It is worth something to you to try a medicine with a guarantee like that. t

LOCAL FIRM WILL CONTINUE VALUABLE AGENCY.

Brown's Drug Store, of this city, has just closed a deal whereby it will continue to be agent for ZEMO—the well known remedy for Eczema, Dandruff, and all diseases of the skin and scalp.

The extraordinary leep that this clean liquid external treatment for skin affections has made into public favor in the last few years proves its wonderful curative properties and makes it indeed a valuable addition to the fine stock of remedial agents carried byBrown's Drug Store.

They have a limited supply of samples. One of which will be given free to any skin sufferer who wishes to test the merit of the medicine. A booklet "How to Preserve the Skin," will also be given to those interested. 1
